LAKHIMPUR GIRLS' COLLEGE

RE-ACCREDITED BY NAAC WITH 'A' GRADE (CGPA 3.01)
PIONEERING HIGHER EDUCATION FOR WOMEN SINCE 1972

Dr. Surajit Bhuyan
Principal

FROM PRINCIPAL'S DESK

Established in 1972, Lakhimpur Girls' College has seen a history of constant endeavours at providing quality education for the girl students of this part of the country. The year 2014 will remain a landmark one for this college because this very year has brought laurels to the college in the form of Grade 'A' from the National Assessment and Accreditation Council (NAAC).

What was achieved in the past is more than history - it is a call for our commitment to carry the torch and continue the race. We must continue to hold the torch of hope. I strongly believe that a college is not just an educational institute, it is also a social institute. In the coming years the challenges in front of us will be more complex. They will demand not only commitment but also the will to move forward. Before taking the next step forward we need to rethink over the question "What are the responsibilities of a college to the students, to the society and to the nation?" We need to put our college in order; we need to give our best to the college. Our committed and responsible service to the college itself is our greatest service to students. I believe that loving ones work and workplace truly can itself be a service to the society. I hope that with our present workforce we will be able to walk in the right track to fulfill our institutional mission, vision and objectives. We are proud of our team of dedicated and highly qualified teachers who mentor students both within and outside the classroom. Even as Lakhimpur Girls' College remains one of the most sought after colleges in Dibrugarh University, we are unwilling to rest on our laurels and success stories. Rather, we will strive constantly to make our college a seat of learning at par with the best educational institutions in the country.

The Pioneer, our annual bulletin, is expected to reflect our activities and achievements in the right perspective. It also showcases our commitment to the stated objectives. I welcome you all to join us in our journey towards excellence.
