Bulletin

December 2007, 3rd issue

Vidya Jyotirmaya

(Accredited by NAAC at B+ Level)

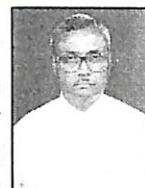

FROM PRINCIPAL'S DESK

Efforts, efficiency and tenacity to work consistently is the hallmark of prosperity. Lakhimpur Girls' College is now in her 36th Year of establishment and in quest for higher realities. Those dreamers whose able leadership contributed to the glory of this institution are still the source of inspiration for all of us. Our quest is still incomplete, our ambitions unfulfilled. Hindrances are many on the path of success, endless challenges cropping up day by day. So our motto is "to seek to find and not to yield". We shall not stop in our quest till the goal is reached.

It is a pleasure to know that Lakhimpur Girls' College Bulletin is coming out soon in its third issue. This bulletin records the progress, prosperity including various activities in the institution. As such this is like a mirror of the institution. Each issue looks forward to more effective performance of all concerned. Each effort leaves behind more and more dissatisfaction. This dissatisfaction gives rise to new efforts and ambitions.

The editor has taken care to bring out the bulletin in a befitting way. I wish the publication all success and request the readers for suggestions for betterment of this publication and further achievements of the institution.

Dr. Manoranjan Pandit
Principal,
Lakhimpur Girls' College, North
Lakhimpur.
