Report :

Nukkad Natak was organized in outside areas of our college campus. This is special initiative taken by our cadet to curb the use of polythene and plastic bottles which harms the environment in the long run. This was a way to send the social message across to the people through natak on Polythene ban which has become the need of the hour and to use the cloth bags, jute bags and bio-degradable polythene. Altogether 15 cadets took part in this natak which was performed in open areas nearby our college.
