

SUMMARY OF FEEDBACK 2016-17

For the session, 2016-17 feedback was collected from 150 students. The feedback was collected through a questionnaire in hard copy format for the students. About 72% of the students responded that the facilities provided by the college are relevant for their security. It is a remarkable aspect that 107 students out of 150 students rated the principal of the College as **Very good**.

The majority of the students responded that the infrastructure facility of the college is **good**. 68.67% of students out of 150 students rated the cultural activities of the college as **highly satisfactory**. The majority of students responded that they are having well-equipped library facility with the availability of reference books.

Most of the students rated the relationship between teacher and student as **highly satisfactory**. Feedback regarding classroom cleanliness and students' washrooms is responded on the average side.

After analyzing the responses, the following suggestions were taken into account which is as follows:

- Suggestions regarding more seat allocation in the college hostel.
- Suggestions regarding the development of sports facilities.

These suggestions received were forwarded to the authority for necessary action.
